COVID SAFETY PLAN RecWest Braybrook July 2021

COVID-19 Information

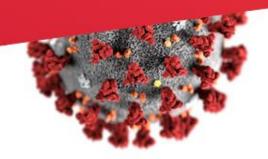

What is a Corona Virus and COVID-19?

Coronaviruses are a large family of viruses known to cause respiratory infections. These can range from the common cold to more serious diseases such as Severe Acute Respiratory Syndrome (SARS) and Middle East Respiratory Syndrome (MERS).

How is COVID-19 Spread?

COVID-19 is most likely to spread from person-to-person through:

- Direct close contact with a person while they are infectious including in the 48 hours before their symptoms appeared.
- Close contact with droplets from an infected person's cough or sneeze.
- Touching objects or surfaces (like as door knobs or tables) that have droplets form an infected person, then touching your mouth or face.

YMCA Victoria

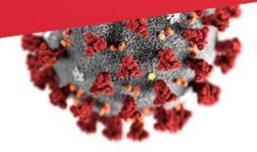

The Y has been a cornerstone of the Victorian community for more than 170 years – a period of time that has included other major crises ranging from the 2009 Bushfires to delivering large-scale wartime services. However as a not-for-profit that invests its full resources into our mission we do require the continuing support of our partners in order to retain our ability to keep serving the community – especially during this time.

This COVID Safety Plan forms part of the restart stage of the 5 step plan that is steering YMCA Victoria back to normal service.

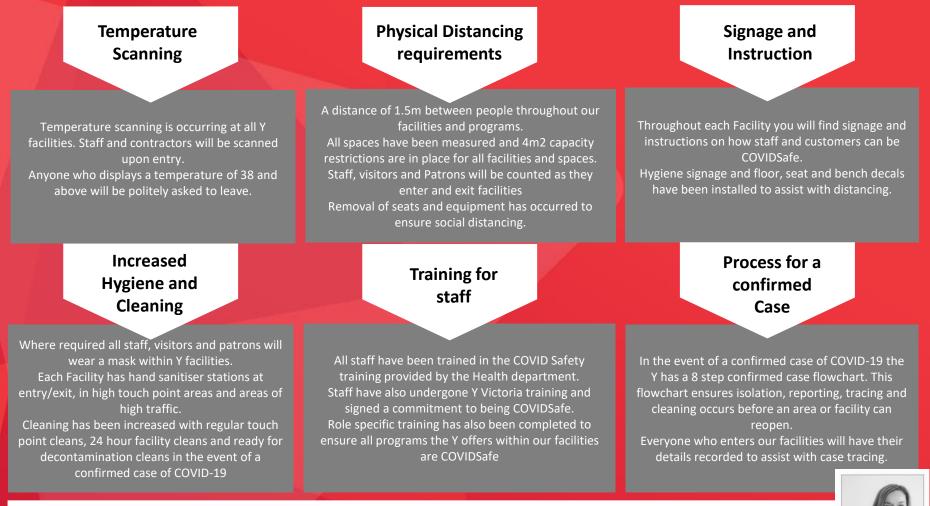

YMCA VICTORIA IS COMMITTED IN ENSURING ALL OF ITS FACILITIES AND OPERATIONS ARE:

- COVIDSafe for all staff, volunteers, contractors, visitors and patrons
- Compliant with Government COVID-19 Restrictions

Y Victoria's Commitment:

In order to be COVIDSafe at all Y Facilities we are committed to:

Our commitment to community safety – Carolyn Morris. YMCA Victoria CEO
